

## THE CHAMBER

### **Learning about diversity**

Chamber members play *Diversophy*<sup>™</sup>, a game simulation designed to increase awareness of cultural diversity issues impacting society — including the business community. Helping start the game at a recent chamber Diversity Roundtable meeting are (standing) Nanci Luna Jimenez of George Simons International (the firm that developed the game), and Linda Tauhid of Tauhid International, Diversity Roundtable chair. For more information, call chamber staff member Pauline Millard at 408-291-5265.
